Linkedin Profile | Publication List | Kaggle Portfolio | All my links

About me: Researcher and Data Analyst with a Ph.D. in Electrical Engineering, expert in statistical modeling and exploratory data analysis, signal processing and programming. Proficient in MATLAB, Python (Pandas, NumPy, Scikit-learn), SQL, and Power BI.

Work & Research Experience

Computer Science and Mathematics Lecturer **NOV 2024 – Ongoing**
Berlin International College, Berlin, Germany

- Interactive Computer Science (Data Analysis oriented) and Mathematics instruction for international undergraduate students.
- Instructed 300+ students in Python, exploratory data analysis (Pandas and Numpy).

Computer Science and Telecommunications Teacher **FEB 2022 – AUG 2024**
Ministero dell'Istruzione e del Merito, Turin, Italy

- Computer Science and Telecommunications instruction for high-school, adult, and correctional-facility students.

Doctoral Researcher **JUN 2017 – DEC 2021**
Politecnico di Torino, Turin, Italy

- Developed mathematical and statistical models using **MATLAB** and **Python** to analyze and characterize the propagation behavior of mmWave signals in large-scale MIMO systems. Published more than 10 peer-reviewed articles/papers in international journals.
- Visiting Researcher at **California State University, Los Angeles** (2018–2019): applied predictive ML techniques to telecommunications and cross-domain data problems

Radio Access Network Optimization Engineer **NOV 2015 – MAY 2017**
Vodafone & Alten, Turin-Milan, Italy

- Queried and aggregated large-scale relational databases using SQL to extract network telemetry and monitor critical performance KPIs across 2G, 3G and 4G/LTE networks.
- Conducted statistical anomaly detection and root-cause analysis on cell-traffic data, identifying bottlenecks and driving configuration changes that significantly improved QoS and user experience.

Certifications

Google Advanced Data Analytics: Issued Oct 26
Coursera | Key Skills: Python (Pandas, Scikit-learn), Statistical Analysis, Predictive Modeling, Tableau
Microsoft Certified: Power BI Data Analyst Associate (PL-300): In Progress - Expected late 2026
Microsoft Learn | Key Skills: Power BI, DAX, Power Query, Data Modeling, Dashboard Design

Education

Ph.d. in Electrical, Electronics and Communications Engineering Graduated: 2021
Politecnico di Torino, Turin, Italy

M.Sc. magna cum laude in Telecommunications Engineering Graduated: 2014
Università degli studi di Cassino, Cassino, Italy | Grade: 110/110 cum laude (German eq.: 1.0)

B.Sc. in Computer Science and Telecommunications Engineering Graduated: 2014
Università degli studi di Cassino, Cassino, Italy | Grade: 106/110 (German eq.: 1.0)

Languages

Italian: Native | **English:** Proficient | **German:** Intermediate | **Spanish:** Intermediate

Skills

- **Data Analytics & BI:** Python (Pandas, NumPy, Scikit-Learn, SciPy), SQL, Power BI, DAX, MATLAB.
- **Analytical Methods:** Statistical Modeling, Exploratory Data Analysis (EDA), Hypothesis Testing, Signal Processing.
- **Programming & Tools:** C++, C, Java, Git, LaTeX, HTML.
- **Telecommunications:** 5G/4G Architecture, 3GPP Standardization, TCP/IP.
